[Portfolio](#) →

Summary

Product Designer with experience of 2.5 years, delivering 8+ MVPs, building scalable design systems, and designing end-to-end UX/UI for government, e-commerce, and SaaS platforms. Skilled in user research, prototyping, interaction design, information architecture, and cross-functional collaboration. Proven impact in reducing design-to-development turnaround, improving usability metrics, and supporting early-stage product strategy.

Experience

Turbostart | Product Designer Mar 2024 - Present

- Delivered 8+ MVPs and built scalable design systems for government portals, e-commerce platforms, and B2B tools, cutting design-to-dev turnaround by 30%.
- Led user research, personas, and journey maps that shaped 3 major product launches.
- Designed responsive, pixel-perfect UIs for web and mobile, ensuring multi-platform accessibility and consistency.
- Built & maintained design systems that improved developer handoff accuracy and reduced rework by 40%.
- Collaborated closely with developers, PMs, and stakeholders to translate product requirements into high-performing interfaces.
- Drove design sprints and rapid iterations aligned with startup timelines.
- Used data insights to improve usability, conversion rates, and task completion.
- At Design Delta (Turbostart), contributed to product strategy, established system-driven design practices, and supported early-stage teams in building design-first cultures.

Design Studio | Website Designer Mar 2023 - Feb 2024

- Designed and redesigned WordPress and custom websites for multiple clients.
- Created conversion-focused landing pages aligned with brand identity.
- Coordinated with developers, marketing, and clients to ensure timely delivery.
- Implemented feedback-driven revisions and improved UI clarity and user experience.
